What Participants Say About MFI:

"MFI is the single best leadership development program for those working in urban forestry. I came out of the program energized and was able to immediately take action on initiatives to move our program forward in our community."

- Lanny Englund, City of Coquitlam, BC, MFI Grad 2008

"MFI: I came alone...and left with many friends and resources."

-Brad Hays, Santa Clara, UT, MFI Grad 2012

"MFI expended on my existing leadership and forestry training and tied many "loose ends" together. The experience was revitalizing and still serve to guide and inspire me to excel in my daily contributions to our profession. I highly recommend this course, it's time well spent."

-Shawn Gurney, City of Abbotsford, BC, MFI Grad 2012
